

FOIL & SHEET

Amraz, established in 1939, is a leader in the plastics industry. We produce Preforms, Closures and Foils from a wide range of thermoplastic raw materials including RPET. Amraz relies on decades of deep operational experience and manufacturing excellence. Sustainability, reduction of weight, using green energy and recyclability are important values for us.

We build long-term relationships with our customers looking to partner with them for the benefit of both companies.

Foil Specification

Materials	Hips , PS , Styrolux (High clarity H.I.PS foils)
Thickness	From 500 to 1500 mic
Width	Up to 1200 mm
Slited Width	Upon Request
Rolls Dia.	From 600 mm to 1200 mm
Core Dia.	8"
Layers	Up to 5 layers (extruders)
Color Stripes	Multi color strip foils (Up to 4 colors)

Sheet Specification

Materials	Hips , PS
Thickness	From 0.5 mm to 1.5mm
Width	Up to 1200 mm
Length	Up to 2500 mm
Layers	Up to 2 layers (also Embossing, Capping, With over layer)
